### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

### Status

- 1) ☒ Responsive to communication(s) filed on 01 October 2008.
- 2a) ☒ This action is **FINAL**.                      2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

**Detailed Action**

This Office action follows the reply filed on August 28, 2008. Claims 1, 3, 5, 6 and 8 have been amended. Claims 1-3 and 5-8 are currently pending and under examination.

The amendments made to claims 1, 3 and 6 obviate the rejection under Section 112, second paragraph, set forth in the previous Office action.

The terminal disclaimer filed on August 28, 2008 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on copending application no. 10/572,816 has been reviewed and is accepted. The terminal disclaimer has been recorded and the obviousness-type double patenting rejection obviated.

Claims 1-3, and 5-8 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Specifically, the subject matter of the phrase "olefinic monomer concentration of at least 10 mol % ..." as recited in amended claim 1 does not find adequate descriptive support in the specification as filed. In this respect, the specification only describes an

Art Unit: 1796

*ethylene* concentration of at least 10 mol % and gives no indication that the other species of olefinic monomer recited in claim 1, i.e., propylene and 1-butene, are to be polymerized at such concentration in the applicants' process. See, e.g., page 2, lines 23-24 (polymerization carried out at an ethylene concentration of at least 10 mol % based on suspension medium) and page 4, lines 15-20. Where the olefinic monomer in the "first polymerization" of the claimed process is propylene and/or 1-butene, the specification fails to describe, expressly or by implication, the concept of conducting that polymerization at an olefin monomer concentration of at least 10 mol %. Thus the specification fails to convey possession of the invention as presently claimed.

Claims 1-3 and 5-8 are maintained as free of the prior art for the reasons stated in the previous Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1796

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner F. M. Teskin whose telephone number is (571) 272-1116. The examiner can normally be reached on Monday through Thursday from 7:00 AM - 4:30 PM, and can also be reached on alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu, can be reached on (571) 272-1114. The appropriate fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
